To Whom It May Concern:

This will confirm that, as of this date, American Buildings Company is insured as follows:  
Commercial General Liability including Products and Completed Operations Coverage:

Insurer:	Arch Insurance Company	
Policy No.:	31GPP4931911	
Policy Period:	January 1, 2018, to January 1, 2019	
Limits of Liability:	General Aggregate limit	USD \$9,250,000
	Products – Completed/ Operations Aggregate limit	USD \$3,250,000
	Any One Occurrence limit	USD \$1,250,000
	Excess of a \$750,000 self-insured retention.	

This insurance policy covers American Buildings Company as a manufacturer of an "engineered/designed product". American Buildings Company does not offer independent design services to third parties or serve as a project engineer of record or install or construct any buildings or structures of any kind. With regard to manufactured products, the policy specifically responds to claims the insured becomes legally obligated to pay as damages because of bodily injury or property damage to which this insurance applies, inclusive of cause due to error or omission by American Buildings Company engineering.

American Buildings Company does not maintain a separate professional liability insurance policy, more commonly known as "errors and omissions" insurance. Additionally, American Buildings Company has not experienced alleged defective design claims for which its insurers have declined coverage because it does not have an "errors and omissions" policy.

This letter is provided as general information only. The coverage described above is subject to all the provisions of the policy.

Sincerely,

James R. Mize

Director of Research and Development
